NO. 5

'JOCK'S WAGGIN' TONGUE

Vol. 4 Thur. Feb. 1 No. 5

Jock McIntyre, Editor

We've never been quite sure what a "blitzkreig" was, but we think it's what Mackenzie King did last Thursday:

Our Ceresan treaters are here for your convenience and may we suggest that you make use of them they are free. Our stock of Ceresan is complete too don't delay.

Bill Bozarth left on Saturday to spend a couple of weeks with his mother in Ill.

We hear so much about War prices these days, let us again assure you that pre war prices are still in effect in our store.

Ernie Williamson was a Champion visitor on Saturday and reports the sale of his farm

The McCormick - Deering entertainment day is going to be a big day in Champion. It will be here on Wednesday Feb 7th at 2.30 pm. Professor Quiz will be there and there will be prizes too and entertainment galore. Bring out the whole family and enjoy an afternoon with "Your Implement Man" G. L. Depue,

Alex McDougal is in the hospital at Calgary and reported having a good rest.

Wm Penn and North Starr motor oils and greases are "Still the best".

Alex Latiff made the headlines of the Lethbridge Herald sports page in a hockey game in McLeod.

Men! If the wife is hard to get along with on wash day perhaps its because you need a Red Jacket water softener. They really do the business too.

Democracy At Work

Citizens of Canada were surprised to hear Thursday night that a Dominion election would be held forthwith in order to test the will of the people as regards the present administration.

While it was anticipated that the election would be this summer the announcement of the Prime Minister came as a complete surprise to even members of Parliament but after considering we believe that most people will agree with the decision of the gov't

In an office of any kind whether it be local government provincial or Dominion satisfactory work cannot be accomplished if there is constant barrages of criticism and good their assertions or even carry on responsibility themselves.

We view the move as most logical in view of the resolution of the Legislature of Ontario and the real issue behind the resolution. If the people do not want the present administration at Ottawa then a vote should be held.

Badminton At Lomond

The Champion Badminton Club went to Lomond in a return game and were badly out pointed. Lomond winning 18 games with a total of 424 points to Champions' 16 games and 325 points.

As one player put it, the Lomond Ladies are ready hard to beat.

Supper was served at six o'clock and eleven o'clock a delicious lunch to the Champion players by the Lomond Club.

A return match is planned for Sunday Feb. 12th so if you really want to see some fast playing be at the Community Hall in the afternoon of that date

We have no hesitation in saying that the present administration has served the country the best of its ability in the light of their judgement. Each and every one has a right to their opinion. There is nothing so helpful as friendly debates or exchange of views but nothing so disastrous to community life if a campaign becomes bitter.

To win you must have a strong live committee. We say get busy and organize to present your ideas in a convincing and friendly spirit.

Unity Active

The Little Bow Unity Association will hold their nominating Convention on Feb 14 in Vulcan at 2 o'clock in the afternoon. The registration of delegate will be at 10 o'clock in the afternoon

A meeting in Vulcan yesterday was well attended by an enthusiastic delegation of board members. Board members from all over the Constituency report that nearly every policy division now have delegates appointed for the above mentioned nominating convention. Andy Davidson Mayor of Calgary will address the meeting at 8 o'clock. The public are welcome at the nominating convention and are urged especially to attend the 8 o'clock meeting.

Hockey

The Champion Juniors under the coaching of Harry Smith tied up the Juniors of Carman on Saturday in a 2:2 game. The scoring for Champion was done by Sonny Stewart and Reno Renaldi. George Hummel had the misfortune to cut his knee which required five stitches, when he skated into the boards.

Election Likely Legislature Opens Week Earlier

Canada is in the midst of a war time election and locally the political minded people are standing on the streets talking of the situation and wondering what kind of a government will be in charge of affairs in the spring whether a Liberal, Conservative or National in which case no doubt Alberta's Social Credit representatives would no doubt have an opportunity to serve.

Despite all talk to the contrary it is best that the election campaign be brief and effective.

Election machinery is already on the move and readers are asked to watch the Chronicle for details of the making of the Voters Lists. There is a representative in Champion, Carman and Barons appointed to secure the names which will form the basis of the list and after approval this will be printed by The Chronicle and copies made available, through the returning officer Clyde Jessup, for election committees. It is the desire of the Government that every Canadian who is a British Subject and otherwise qualified register their vote.

There has been a strong demand for compulsory voting and while this did not become law the moral is that citizens should realize their duty to vote

Locally there is to be only two in the field Mr McKenna a qualified barrister of Pincher Creek who will run as a Liberal supporting the administration which has been in power since 1935 while the present member Rev E. G. Hansel of Vulcan will again, it is likely hold aloft the standard of the Social Credit party which may however submerge its name for the sake of support to Hon W B Herrige. However no matter whether it is Social Credit or New Democracy Mr Hansel is well known and will make himself felt in the battle of ballots.

The Social credit Caucus is to be held on the 6th of February and the regular session will open on the 8th, a week earlier than what was originally planned.

The above chart shows precipitation in the Prairie Provinces from August 1 to October 31 compared with normal for the same period as charted by the pioneer Grain Company Limited. A survey released at the same time pointed out that precipitation during this period does not necessarily indicate the amount of moisture available in the soil at freeze up, as one third of all field crops is sown on land summer-fallowed in

the previous year. Summer-fallow land stores up moisture over a period of 20 to 21 months and many observers say that conservation last summer was excellent particularly during June. Fall precipitation, however does have a direct bearing on moisture reserves in stubble land. In the above chart the area with less than 50 percent of normal fall precipitation is shaded black.

Cancellation—We find that our subscribers prefer not to have their subscriptions interrupted in case they fail to remit before expiration. Subscriptions will not be carried in arrears over six months, but we presume the subscriber wishes the paper continued unless cancelled.

- Editorial -

Unity In War Effort

With the opening of Parliament last Thursday in Ottawa and the oversubscribing of the loan which was asked to carry on the war public attention has been focused upon the attitude of the people towards the war. It can be said without fear of contradiction that while the east and the west may have different conceptions of trade restrictions, and even within the provinces there may be differences of opinion as to the methods of government, this is certain, that the people are united in the determination to win this conflict and make living safe for smaller nations.

It is to the credit of the Aberhardt government that despite their differing views on many matters with the Federal government full co-operation is being extended the central government in the arrangement of air training and other public undertakings towards our war effort. But in extending this wholehearted support they are following the desires of the province. Far too few of us fully appreciate the difficulties which our leaders, both military and civil are faced with during the present crises and it behoves all of us to do our share to promote good will.

Red Cross In Champion

We were pleased to note that the work of the Red Cross is to be carried on in Champion. The assistance of the ladies of the IODE is especially delightful.

Praise should be accorded the first President Mr. Lamont for his unceasing devotion to the cause. Despite discouragements he carried on. It is often said, and with some truth that praise should not be accorded to persons who succeeded if the going has been easy as they might have failed had they met adversity. This is certainly true of the officers who carried on the first of this war for the Red Cross in Champion. Instead of throwing up their hands they enlisted support by their very enthusiasm and needless to say this will be an encouragement to their successors.

'GOOD MORNING NEIGHBOUR'

Ladies, we want you to watch and listen carefully for some very useful and new offers which will come to you on our "Good Morning Neighbour" program within the next two weeks.

We are letting you in on a secret when we tell you this, but feel that you should each and every one be prepared to get in on this because we know you won't want to miss any of the offers. As you know of course, "Good Morning Neighbour" is heard over CFAC 9:00 to 9:30 a.m. every morning and features Jerry Fuller, Calgary's best known band leader.

Just to give you an idea, we heard of ten ladies the other day, who were lucky enough to win very novel and extraordinary measuring spoons.

These measuring spoons are mechanical and just with a touch of finger you can measure a third of a teaspoon, a full teaspoon, etc. Of course there are many other useful household gadgets you may have heard of that we know you will find a boon in your kitchen, so watch for it. It's the biggest thing yet.

Cancer of the lip

Do You Know?

Cancer of lip is most prevalent amongst men (about 95 per cent) and generally begins in lower lip.

One method by which you can do your part to protect yourself, your family and your fellow citizens from this disease is to join at once your nearest branch of that Canadian Society for the Control of Cancer.

By education you may suspect early cancer in yourself or one of your kin. This may lead to an early diagnosis.

If you are already a member invite your friends and neighbors to join this Society by mailing the attached application form. This will entitle them to receive the regular bulletins, pamphlets and other educational material campaign, the greater the strides that can be made in reducing the incidence of cancer. The work of this Society must succeed, but it can do this only if it has the active support of a great number of individuals throughout Canada and of all organizations interested in the welfare of all Canadian people.

Mr. McKenna

Mr. McKenna of Pineb Creek who will run in the coming election on the Liberal ticket for the McLeod riding. Mr. McKenna was appointed last fall at a district convention.

Up trend of wheat prices

Following factors have tended to raise price: Britain agrees to buy 60 millions bus of Aust. wheat and flour. — Severe cold wave has swept the U.S. winter wheat belt and damage is thought to be general. Russia is inquiring for Manitoba wheats. Gr. Britain recently purchased 100,000 tons of Romanian wheat. Drought conditions are causing anxiety in South African corn crop areas.

Other Uses For Salt

50 lb pressed blocks of pure salt containing dosages of iodine calcium and phosphate to protect cattle against deficiency diseases, are being used by a number of municipalities to prevent flood damage resulting from frozen culverts and catch basins. Half-a-dozen salt blocks held in a wooden tube that acts as a self feeding device can protect a culvert for an entire season. The salt turns the water to brine which has a lower freezing point than water. One or two blocks are usually sufficient for a catch basin.

The world is waiting to pay your price if you can but deliver what it needs.—
